

Thank you for choosing Elisa Kaapeli-TV!

You can now watch nearly 30 free basic cable TV channels through Elisa Kaapeli-TV. You can watch television with a DVB-C digital receiver or television. To watch HD channels, you need a Cable Ready HD television or a digital TV receiver.

You can start watching basic channels by restoring factory settings in your television and/or digital TV receiver and performing a channel search. For more detailed instructions, check the operating instructions of your device.

See even more with the affordable Elisa Kanavakortti card

By paying an annual fee for an Elisa Kanavakortti card, you can access a number of extra channels, including MTV3 HD, top sports channel Eurosport (including HD), news channels BBC World News and CNN, and the National Geographic Channel for high-quality documentaries.

With Elisa Kanavakortti, you can easily select your favourite channels from our extensive channel package – films, children's programmes, music and much more. Read more about our channel selection at elisa.fi/kaapelitv
