Subscription activation

This SIM card fits devices that have a slot for a mini, micro or nano SIM card.

1. Carefully remove the correct SIM card from its frame.
2. Insert the card into your device.
3. Switch on your device.
4. Enter the PIN code: 1234.
5. Your device is now ready to use.

NOTE: If you enter an incorrect PIN code three times, the SIM card will be locked and you need to enter the PUK code. The PUK code can be found from the SIM card frame. **Keep the SIM card frame carefully as the PUK code cannot be obtained from anywhere else.**

Adding more balance or purchasing a package
